Academic Advising

All transfer students will receive academic advising in the college of their major. Students should call the department or Dean's office phone number listed on their Orientation welcome letter to schedule an academic advising appointment.

During academic advising, students will receive assistance in setting up a course schedule for their first semester at UL. In order to enhance your academic advising experience, students should bring an unofficial copy of their transcript(s) from previous institutions attended. This will assist your advisor in helping you select courses.

If you are unable to come to campus to receive academic advising prior to Orientation, you have the option to receive academic advising during one of our two Transfer Orientation dates. Please call the Office of Orientation to register for a session.
